

POWER SUPPLY cod.9.000.033

Product code:	9.000.033
Sizes:	37 x 21 x 24mm
Input voltage:	85-265VAC
Output voltage:	5VDC
Output current:	600mA

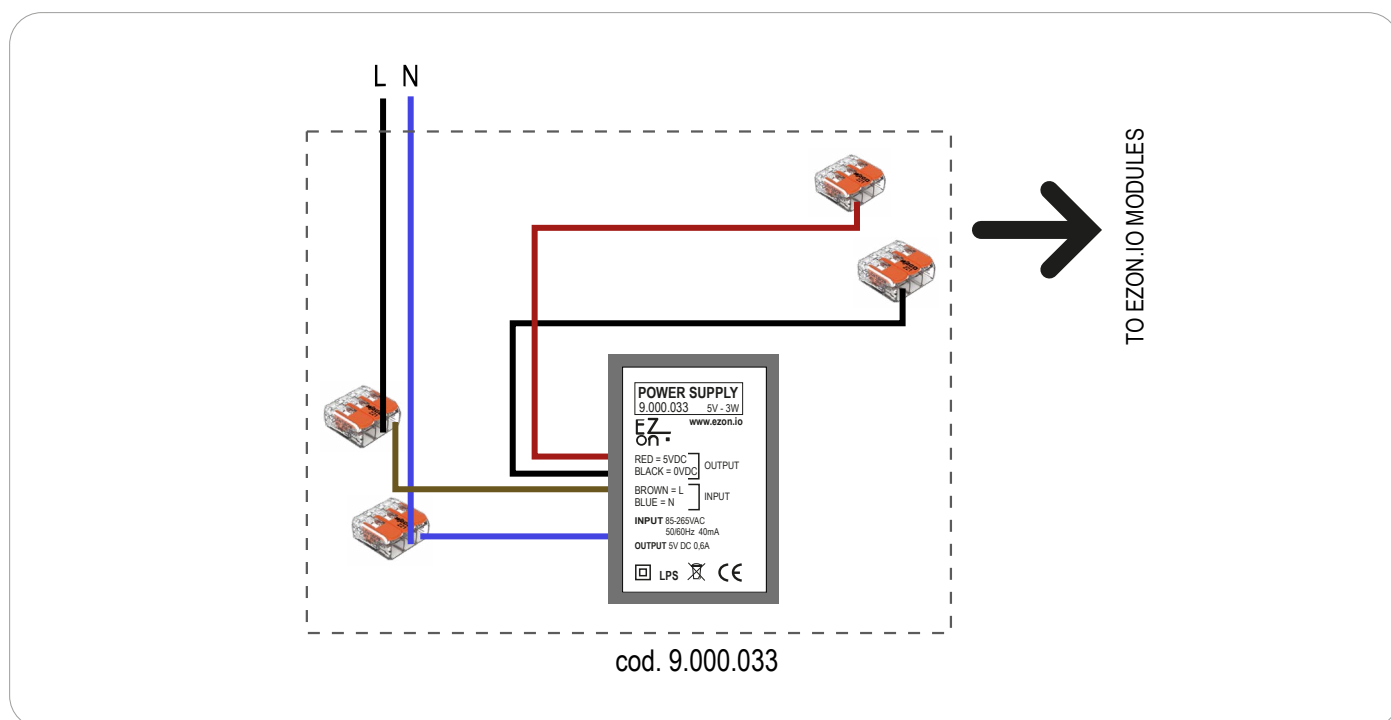

MADE IN ITALY

RoHS CE

The **Ezon.io Power Supply** is the ideal power supply for the correct functioning of ezon.io home automation devices.

With an ultra-compact design with an output voltage of 5V and a power of 3W, it offers a practical and efficient solution for powering the modules of your smart home.

Thanks to its ability to **support up to 3 ezon.io modules with a single power supply**, it is the perfect accessory to simplify installation and reduce cable clutter.

The ezon.io ecosystem is manageable and programmable with the ezon.io companion APP. Available for free download from App Store and Google Play.

The ezon.io products should not ever be used in any way to manage medical devices or other technical products which are critical for the functioning of lifesaving or supporting systems, cause in the case of failure that may lead to the death or injury of a person. Usage of ezon.io devices in such systems requires the explicit written permission of the Mediatech Srl CEO.
