

REMOTE CONTROL

Portable, battery powered button.

The **ezon.io Remote Control** - Multifunction Button - amplifies the management possibilities of your Smart Home system. With a simple press, while leaving the house, you can quickly activate your favorite scenarios, without having to touch your smartphone. Controlling the selected devices becomes simple and immediate. Thanks to its discreet design, the button allows you to choose up to four different functions, all freely programmable.

This way, every member of the family - or even guests - can manage the smart home with ease.

The button is portable: you can easily move it from one room to another and always keep it at hand. It does not require fixed installation, giving you the freedom to place it wherever you prefer.
